2	HIRVONEN, Mikko / LEHTINEN, Jarmo	FIN/FIN	CITROËN DS3 WRC
"The Panzerplatte stage is very slow and twisty. We have to see how it works out for us."			
32	WIEGAND, Sepp / CHRISTIAN, Frank	DEU/DEU	SKODA Fabia S2000
"I am looking forward to today. Personally, I like Panzerplatte very much, Here, the entire field is thoroughly mixed up."			
58	RIEDEMANN, Christian / VANNESTE, Lara	DEU/BEL	CITROËN DS3 R3T
"Yesterday, we got a bit sideways when passing through a dip and I lost control of the car. Today, I am back in the rally. When it gets wet, Panzerplatte is very slippery. Therefore, it will be really exciting."			
121	PROTASOV, Yuriy / SIKK, Kuldar	UKR/EST	FORD Fiesta R5
"Yesterday, we had problems with the handbrake and the radiator. The engine temperature was very high and we partly couldn't see the road anymore, because our windscreen was fogged by the coolant that vaporised. I am looking forward to Panzerplatte, but I will not be taking too many risks because I would like to make it to the finish."
