Dear participants, dear team members, dear guests,

On behalf of the Organising Committee, I am very pleased to welcome you to the 2018 ADAC Rallye Deutschland.

With the return of the rally to the Saarland last year, the event experienced a fantastic relaunch and fascinated about 220,000 spectators and rally fans from all over the world. It is and remains one of the biggest motorsport events in Germany.

Yet, we do not want to rest on our laurels – on the contrary. We continue to develop the ADAC Rallye Deutschland, thus presenting the participants and the spectators a unique and spectacular event.

This year the rally will run for the 36th time and for the 16th time already as a round of the FIA World Rally Championship, with the FIA WRC2 and FIA WRC3 as support championship competitions. The teams of the ADAC Opel Rallye Cup will also be part of the event. This event will definitely mark the highlight of the season for these young drivers as it will go down in their records with two scores.

The area around St. Wendel will be the rally mecca of the 2018 ADAC Rallye Deutschland. Both the opening and the finish ceremonies will be celebrated in the centre of the district town of St. Wendel. Right after the drivers' presentation, the St. Wendel 'Wendelinuspark' will move into the focus of the action as the participants will contest a prologue there. The area around the Bostalsee will once again host the service park where some improvements have been implemented since last year.

Friday will start with the new special stage 'Stein und Wein' which was used in 2015 in a similar configuration. All the special stages of this day, including the 'Mittelmosel' and the 'Wadern-Weiskirchen' stages, will be tackled twice.

Full rally action will as usual be provided on Saturday on the military camp of Baumholder: The drivers have to contest two passages both of the special stages Arena Panzerplatte and the Panzerplatte. The part on the military training ground will be followed by the stages of 'Freisen' and 'Römerstraße'.

With the special stage 'Grafschaft', the Sunday will bring the drivers once again back to the Mosel vineyards. Compared to 2017, the stage has been extended by around 10 kilometres and is included in the programme with two consecutive runs. The 18th and final special stage will be the 'Bosenberg' stage which was had already been part of the itinerary in the year 2015.

The ADAC Rallye Deutschland 2018 will be concluded with the official finish ceremony in the city centre of St. Wendel where the fans will have the opportunity to celebrate their idols during the prizegiving ceremony.

Safety for spectators, participants and official is our primary concern. A huge number of marshals along the track is appointed for this purpose. Hence, we urge you to always respect their instructions. Spectators and fans are only permitted in the designated areas provided and identified for that purpose. And should you nevertheless encounter some inconsiderate spectators who do not comply with this requirement, you are kindly invited to intervene and make them aware of the danger involved in motorsport.

The information contained in this Rally Guide shall assist you in the preparation of your participation in our event. Should you have any further questions or require any additional information, please contact our team in the permanent rally office.

We wish you and all the participants much success and hope to have an accident free rally!

Friedhelm Kissel
Clerk of the Course

1.2 Environmental Policy

ADAC Rallye Deutschland setting standards in environmental protection

Motor sport and stewardship of nature go hand in hand at the ADAC Rallye Deutschland – at an unsurpassed level. To make this happen, ADAC is actively working to preserve nature in the rally region. The aim is to leave nature as intact after the event as before. The cornerstones of this win-win concept include:

- making environmental compatibility a top priority in itinerary planning
- involving an environmental competence team at all stages of planning
- ensuring maximum protection for natural habitats by designating and signposting no-go areas
- compliance with strict rules for the protection of water and soil
- deploying an Environmental Emergency Car during the rally
- implementing effective spectator management based on the shortest possible access and communication routes

To ensure the maximum sustainability of the event, ADAC is also committed to a resources management policy. Print production, for instance, is minimised by:

- publishing the call for entries/regulations and the Rally Guide 1 & 2 on-line only
- producing printed matter on-demand, meaning that the teams are asked to communicate early on how many copies they need of documents such as roadbooks etc. to minimise surplus print production

Please note that this document has **NO REGULATORY POWER**. It is for information only. For binding regulations refer to the 2018 FIA WRC Sporting Regulations and the Supplementary Event Regulations of the ADAC Rallye Deutschland 2018.

5. SERVICE PARK

5.1 GENERAL INFORMATION ABOUT THE SERVICE PARK

GPS reference: N: 49° 33' 880" O: 07° 03' 804"

There will be one service park during the 2018 ADAC Rallye Deutschland, located at the Bostalsee (Nohfelden-Bosen).

The service park will be available for the teams as specified under point 5.6, or upon special agreement.

For the set up and the approval of temporary structures (tents, hospitality, etc.) with a surface area of 75 m² or more, § 77 /Temporary Structures) of the State Building Code of the Saarland (LBO), as last amended by the Act of 15th July 2015, shall apply.

Pursuant to § 6 LBO, temporary structures which are subject to a model approval may amongst others only be put into operation after notification of the set-up to the building control authority of the site of the installation and upon presentation of the test book.

The building control authority St. Wendel will make the final acceptance on-site a condition for the issue of the operating approval.

Pursuant to § 23 1st para. of the Administrative Procedures Act in its current version, as last amended by the Act of 16th March 2010, the documents /required for this purpose (model approval/ construction documentation) must be submitted in **GERMAN LANGUAGE**. A submission in electronic form is excluded.

The European Standard DIN EN 13782:2015 specifies safety requirements which must be respected in relation to construction, calculations, assembly, mounting and maintenance of mobile, temporary designed tent constructions with a surface area of more than 50 m². This European Standard applies also for groups of smaller tents which are normally not subject to this Standard if these tents are set up side by side and the total surface of the group of tents exceeds 50 m².

To make an appointment with the building control authority please contact:

On arrival, from Saturday, 11th August 2017 through Wednesday, 15th August 2018 - before entering the service park – every team has to register at the Info-point (see service parc layout V1). Then the entrance to the service parc is possible and the service bays will be allocated by the service parc team.

When entering the service parc, all waste- and waste water tanks should be empty. Should this not be possible in an exceptional case, the organiser can arrange the disposal of the tank's contents, but will be invoiced separately (50€ per m³ plus 300€ transport costs).

The teams may bring their service/auxiliary and recce car vehicles into the service park, as long as they can park them within their designated area. Otherwise these vehicles must be taken to the auxiliary parking adjacent to the service park. **Any parking of team vehicles outside their designated service area in the service park is strictly prohibited! Wrong parking cars will be towed immediately and removed from the service parc. The incurred expenses (200€) have to be payed instantly.**

Any other car with a team-related car sticker (e.g. TFZ, manufacturer's meteo crew, route note car) may and must also be parked in the auxiliary parking. The entrance of Recce cars in the service parc without additional car sticker (service/auxiliary) after Thursday, 16 August 2018 is forbidden.

From Thursday, 16 August 2018 one-way-traffic applies for the service parc.

Competitors wishing to use a joint service area with another competitor must inform the organiser until the deadline at the latest as specified under point 3. The organiser can however not guarantee that all requests can be considered.

For the use until Thursday, 16 August 2018, a fuel tank calibration zone nearby the refuel area at the service park Bostalsee will be provided. Any emptying or refilling of fuel in the area of the Servicepark Bostalsee may only be carried out in this zone and under the competitors' own responsibility.

Any dismantling of service area facilities before Sunday, 19 August 2018, 13:30hrs, must be made at times when there is no rally traffic inside the service park (see Itinerary) unless any such dismantling is exclusively carried out within the periphery of the corresponding team area itself (without using any kind of traffic lanes or team external areas).

The service park area is during the whole event an absolute no-fly zone for drones.

5.2 FACILITIES AT SERVICE PARK

- General night security from Monday, 13 August 2018 until Monday, 20 August 2018.
- A rally car wash facility will be available on Thursday (**including** Shakedown), Friday, Saturday and Sunday each time prior to the cars entering the regroup area/service park Bostalsee. See Road Books for exact locations.
- There is a car wash for trucks, available on workdays between 8:00 a.m. and 8:00 p.m. and on Saturdays between 8:00 a.m. and 6:00 a.m. at Albert Barth Jr., Bahnhofstraße 59, 66620 Nonnweiler.

* Additional facilities in the designated areas for each Manufacturer, provided by the organiser free of charge:

- Available space: according to agreement
- Power supply: Only upon individual request
- Water: Fresh water and waste water drain available (collecting containers emptied once per day), hoses and connections/adapters to be supplied by each team
- Waste collection: 1 container – 1.1 m³ for each team (emptied once per day on Wednesday, Thursday, Friday, Saturday, Sunday)
- Container facilities for the cleaning of vehicle components see service park layout: **Please bring your own high-pressure cleaners.**
- Other services as per administrative package.

* Additional facilities subject to fee (see order form):

- Private chemical toilets (cleaned twice a day)
- Phone lines. To avoid technical problems, it is preferable to purchase routers, if required, on-site. **PLEASE NOTE THAT THESE ORDERS SHOULD BE RECEIVED UNTIL 22 JUNE 2018 TO GUARANTEE AVAILABILITY.**

- Extra additional removal / emptying of private kitchen waste, private toilets, waste water etc. upon individual request and payment.

Order form for additional facilities (to be submitted until the deadline as specified under point 3.): See organiser's website (FORMS).

5.3 AREAS IN THE SERVICE PARK

5.3.1 Manufacturer Teams:

- a) Space strictly as the figures given in the Appendix VI of the 2018 FIA WRC Sporting Regulations.
- b) Additional car(s) as per Appendix VI: Depending on available space after allocation pursuant to a) above, on a first-come-first-serve basis.

5.3.2 Support Championships (WRC2 / WRC 3):

Space strictly in compliance with the 100 m² given in Appendix VI of the 2018 FIA WRC Sporting Regulations, general layout of each area: 10x10m.

5.3.3 Other competitors:

10x10 m.

5.3.4 All competitors

Any competitor requiring more space and/or a different layout than indicated above must submit his/her request together with the service layout together with the entry form or until the entry closing date at the latest.

The organiser will try to satisfy the needs as much as possible and an additional fee of **40€ per m²** will become due.

After this date requests will not be accepted.

5.4 ENVIRONMENTAL PRESCRIPTIONS

The compliance with the environmental and safety prescriptions (see also Supplementary Event Regulations) will be carefully checked by officials. Please make sure that all team members are aware of these prescriptions.

- The service park is located in a sensible water protection area. Both organiser and participants must undertake all efforts to protect the environment – in particular water and soil.
- **Cleaning of vehicle components**
Several facilities (water containers and water connection) will be available in the service park nearby the service park headquarters from Tuesday, 14 August 2018. **Please bring your own high-pressure cleaners, if required. The use of high-pressure cleaners or water hoses for cleaning purposes is prohibited at all other locations in the area of the service park.**
- The crews are obliged to put a sufficiently large plastic ground sheet under the competition car as long as service works are carried out on the car. The ground sheet must be sufficiently strong, have no damages and be tight, i.e. impervious to oil, fuel, cooling and brake liquids as well as to battery acid. **Any residues such as water, oil, fuel, any other liquids, dirt and similar must be collected from the ground sheets, the use of wet vacuum cleaners is recommended, and be disposed environmentally-friendly (e.g. into the containers at the high-pressure cleaners facilities provided by the organiser).**
- The crews are required to see that no substances hazardous to water pass over the edge of the ground sheet and into the ground, even in the case of rain.
- The service crews must be in possession of oil absorbing materials and have available a container for used oil and brake fluid at any time during the event.
- Due to official instructions, competitors must avoid any pollution of the environment. Any waste, wrapping material, spare parts, empty oil or colour tins, batteries, etc. must be collected and given to a waste disposal by the competitors themselves. Used oil must be collected and brought to the containers made available in the service park for this purpose.
- Containers with substances hazardous to water such as oil, fuel, cooling and brake liquids, chemical substances or cleaning agents must not contain more than 20 litres per unit. No more than 100 litres of the above substances may be stored inside a vehicle if no safety devices such as collecting tray are provided.

Any such empty containers must be disposed at the collection points for hazardous goods inside the service park and/or with Panta Distribuzione S.p.A. for fuel containing devices.

- To enable a smooth operation of the rescue teams in case of an accident, all containers with liquid and non-liquid chemicals (e.g. cleaning agents) must carry labels which clearly identify their contents.
- Smoking is forbidden at a distance of less than 10m from containers with inflammable contents (e.g. fuel for generators), even if the containers have been emptied. A solid barrier must be provided between the storage area of any such containers and eventual spectator areas before, during and after their use.

5.5 CASH DEPOSIT

Each area in the service park must be left in a clean condition and without any rubbish. Before leaving the service park, each competitor must report to the service park headquarters staff during the service park opening hours to get clearance for the corresponding area. On Sunday, 19 August 2018, the staff will be available until 20:00hrs and on Monday, 20 August 2018, between 08:00 and 12:00hrs (or upon special agreement).

Please note that for this purpose, a cash deposit of 100 € for each competitor will be required at Administrative Checks. Each competitor will get a corresponding receipt and this deposit will be reimbursed by the service park HQ staff upon submission of this receipt and after clearance of the competitor's service park area.

5.6 SERVICE PARK DETAILS

See general draft layout V1 in the Appendix 3!

Allocation of service areas:

The final allocation will be available at the Rally Headquarters Bostalsee and circulated as information until Saturday, 11 August 2018, at the latest.

5.7 REMOTE TYRE FITTING ZONES

A remote tyre fitting zone pursuant to Art. 52.1 of the 2018 FIA WRC Sporting Regulations will be established in front of SS 10/15 (Saturday).

Details on the transport of tyres to the tyre fitting zones, permitted team vehicles and other points will be published in the Supplementary Regulations.

5.8 RECOVERY OF RETIRED CARS

Generally, all retired cars must be recovered by their team personnel.

The organiser has defined "access/meeting points" for each special stage where team personnel wishing to recover their car can gain access and/or be picked up by a special stage marshal to be escorted to the retired car. The definition of the most suitable meeting point and time will be agreed between Rally Control and the competitor concerned.

This procedure should help in getting the retired cars back to the Parc fermé / service park as quickly as possible. The clerk of the course has nominated Tanja Geilhausen and Matthias Heinz to co-ordinate any such agreements, both will be in Rally Control. Phone contact: Will be given in a later Communication by the Clerk of the Course.

According to circumstances, individual arrangements such as transport of a retired car by the organiser can also be agreed. Resulting costs shall go at the teams own expense.

The access/meeting points of each special stage with numbering system will be shown in Rally Guide 2.

5.9 PARC FERME FOR RETIRED CARS WISHING TO RE-START

All cars:

The Parc Fermé mentioned in the 2018 FIA WRC Sporting Regulations Article 47.1 for all crews wishing to re-start under Article 46 is the Regrouping area **service park Bostalsee**.

6. TWO-WAY RADIO

6.1 APPLICATION PROCEDURE

In Germany, the use of radio transmitters is subject to the official assignment of frequencies by the Federal Network Agency for Electricity, Gas, Telecommunications, Posts and Railway (Bundesnetzagentur) in Mainz. Due to the geographical proximity of France, Belgium, Luxembourg and the Netherlands, all applications for a temporary use assignment must be submitted **until Friday, 29 June 2018, at latest** per mail or fax to the contact specified under point 6.2. **Late applications may be refused.**

6.2 CONTACT DETAILS

Bundesnetzagentur, Ref 223, Canisiusstr. 21, D - 55122 Mainz / Germany
e-mail: ShortTerm@BNetzA.de

6.3 APPLICATION FORM

An application form can be found on the organiser's website www.adac.de/rallye-deutschland, in the section "Competitors" and "Forms" (additional information is also available on the website www.bundesnetzagentur.de/kurzzeitfrequenzuteilungen).

The official fee payable is:

130,- € for each channel assigned for temporary use (up to 30 days), and 50,- € for each additional channel. The use of frequencies without a valid frequency assignment constitutes may result in a fine of up to €500 000.

7. FUEL AND TYRES

7.1 FUEL / GENERAL CONDITIONS

All FIA Priority drivers must use FIA fuel as provided by the supplier appointed by the FIA for 2018 which is Panta Distribuzione S.p.A., who will also carry out fuel ordering, supply and refuel services.

Non Priority drivers may use either FIA fuel following the same conditions and rules as the Priority drivers, or commercially available **pump fuel, dispensed only from pumps** at filling stations **marked in the Road Book**. A provisional summary of these filling stations is given under point 7.3 below. **Should a particular car not be able to cover the distance between two corresponding filling stations due to the individual fuel consumption and the individual fuel tank capacity, FIA fuel may be ordered and refuelled at the FIA refuel zones (deadlines for ordering must be respected!!).**

For environmental and safety reasons no refuelling is allowed in the Service Park (no refuel from cans, drums or similar).

The cost of the FIA fuel including taxes and refuel services is **€5.00 + VAT** per litre, dispensed into rally cars.

According to article 59.3.2 of the 2018 FIA WRC Sporting Regulations, all competitors are required to fit FIA-specified refuel couplings, except non priority drivers using a car which retains the standard tank. Cars of priority drivers specifically must be fitted with FIA fuel sample couplings (Art. 59.3.5). Cars equipped solely with FIA specified refuel couplings and using fuel as per Art. 59.1.2 must transport the adaptor in the car and show it at pre-event scrutineering (Art. 59.3.7).

7.2 HOW TO ORDER FIA FUEL

All competitors using FIA fuel must place their fuel order directly with Panta Distribuzione S.p.A. no later than the **deadline specified under point 3** of this Rally Guide by e-mail to fuelorder@panta.it or by fax to +39 0373 235123.

The order form issued by Panta Distribuzione S.p.A. is available on the event website: www.adac.de/rallye-deutschland. (section Competitors and FORMS).

Payment details are specified on the order form.

It is a condition of supply that payment must be received in full before delivery can be made. The balance of non-used fuel will be credited after the rally.

7.3 REFUEL ZONES (RZ)

Refuel zones for all drivers using FIA fuel will be established as specified in the Itinerary.

Remote refuel zones for drivers using FIA fuel will be established on Friday, Saturday and Sunday as indicated in the Itinerary.

Any refuelling from the beginning of the refuel service times may only be carried out in these zones. Appropriate equipment will be brought to the remote refuel zone so that a centralised refuel service will also be available there.

Refuel points for all non-priority drivers using pump fuel - dispensed only from pumps at filling stations - will be marked in the Road-Books. A provisional summary is given below.

9. HELICOPTER USE

9.1 REGISTRATION PROCEDURE

The registration of all helicopters operating in the rally area is to be made by the organiser.

In compliance with the FIA safety regulations and the local Air Traffic Authority, every helicopter flying in support of the rally must be registered with the organisers and be familiar with the special flight guidelines.

All landing places, including the areas of the service park and of the special stages, will be described in maps and in the helicopter guidelines, including all the GPS positions. There is no clearance to land at any other location along the special stages. The landing permission for the above-named landing places is only valid on the respective day the SS is taking place.

Attendance at the pilots' briefing as specified under point 3 of this Rally Guide is obligatory for all pilots. All documents, manuals, instructions and identifications will be distributed during this briefing.

All pilots must be in possession of a valid professional pilot licence CPL (H).

After registration and payment of the fee of 2.300 € (VAT to be added), all pilots will receive additional information until one week before the event at latest. As correspondence will be made by e-mail, an e-mail address must be specified on the registration form.

The registration closing date is specified under point 3. Any late application will result in a surcharge of 10% to be added to the aforementioned fee.

9.2 APPLICATION FORM FOR REGISTRATION

The registration application form must be sent **per e-mail** to rainer.friedemann@rallye-deutschland.de or per fax to +49 681 927447-10 until the deadline as specified under point 3 of this Rally Guide at the latest. Registration forms are available on the organiser's website ("Forms") or upon request.

It is compulsory to add the AOC number (Air Operator Certificate) on the application form and to attach a copy.

12. RECONNAISSANCE

12.1 REGISTRATION

Date and time: Monday, 13 August 2018, 14:00 – 20:00 at the Rally HQ Bostalsee.

12.2 REGISTRATION PROCEDURE

Prior to reconnaissance, all crews must complete a registration form and collect a reconnaissance pass and a recce vehicle identification at the Rally Headquarters Bostalsee (see Article 3.2). The material will be given to the drivers personally or to a representative duly certified in writing at the Rally Secretariat.

The identification number panels (small format) must be affixed to the upper side of the windscreen and of the rear window, in the centre. The fluorescent orange numbers issued must be placed at the top of both rear side windows. All identifications must be kept visible for the whole duration of the recce period. After the recce the recce-stickers must be removed.

12.3 SUMMARY OF SPECIFIC REGULATIONS AND INSTRUCTIONS FOR RECCE

12.3.1 Direction

Each crew may drive the special stages only in **the same direction as the rally**, unless permitted to drive in the opposite direction for very short sections if published in a Communication by the Clerk of the Course. The crews must always enter and leave the special stages through the start and stop controls.

12.3.2 Number of passages

Each driver may **not** cover each of the 10 different special stages **more than two** times.

12.3.3 Respect of traffic laws and driving behaviour

All Road Traffic Laws must be strictly observed and the safety and rights of other road users must be respected during reconnaissance. All crews must drive in a manner that does not endanger or inconvenience other traffic or people living near the stages. Competitors must bear in mind that the special stages are not yet closed to public or residential traffic during recce.

12.3.4 Number of persons on board

During each passage through a special stage, a maximum of 2 persons (the crew) are permitted in the car.

12.3.5 Maximum speed

At all times the maximum speed on special stages will be 90 km/h unless a lower limit is indicated by traffic signs, by signs placed by the organiser or in the Road Books.

12.3.6 Reconnaissance pass

Crews must stop at the start and at the stop of each special stage where a rally official will endorse the crews' reconnaissance pass and at any other location where instructed. This pass must be returned at the Rally Headquarters Bostalsee or at the service park Headquarters Bostalsee until **Thursday, 16 August 2018, 10:00hrs**, at the latest.

12.3.7 Reconnaissance vehicles

All cars used for reconnaissance must comply with the prescriptions of Article 25.1 of the 2018 FIA WRC Sporting Regulations.

12.3.8 Service during reconnaissance

In compliance with Article 25.4.6 of the 2018 FIA WRC Sporting Regulations.

12.3.9 Participation in reconnaissance only

Any driver wishing to take part in reconnaissance only (see also Art. 25.5 of the 2018 FIA WRC Sporting Regulations) must complete an application form which is available from the organiser and pay a fee of 1.000 € (19% VAT to be added) for taking part in this reconnaissance. The form should be returned until the entry closing date.

12.3.10 Other reminders

For given reasons, all competitors are reminded of the following traffic laws applicable in Germany:

- Always keep to the right!
- Safety belts must always be worn!
- Right has right-of-way!

All speed limits signposted or otherwise marked must be STRICTLY respected, both on special stages and on road sections. Both organiser and police will carry out speed controls!

The instructions given in the Road-Books only for recce are to be respected, in particular when joining or crossing main roads.

12.3.11 SS1 Super Special Stage St. Wendel

Specific provisions in relation to the reconnaissance of the Super Special Stage St. Wendel will be published in the Supplementary Regulations.

12.4 INSTALLATION OF SPEED CONTROL CHECKING DEVICES

In accordance with Article 25.4.4 of the 2018 FIA WRC Sporting Regulations, **all** cars must carry recce GPS recorders on board during reconnaissance. Location and times for collection and return are specified under point 3 of this Rally Guide. A fee will be applied by SAS for the rental of this equipment.

12.5 OTHER POINTS

- A list of recommended, suitable service points during recce will be published in Rally Guide 2.
- A summary of fuel stations along the recce route will also be published in Rally Guide 2.

13. SCRUTINEERING, SEALING AND MARKING

13.1 DATE, PLACE AND TIME WINDOW

Date, place and time window: See point 3 in this Rally Guide!
Individual times will be published in a Bulletin.

13.2 PREPARATIONS TO BE MADE BEFORE THE CAR IS BROUGHT TO SCRUTINEERING

Administrative checks:

Administrative checks must be completed before the cars are presented for scrutineering. Competitors will receive a signed Administrative Clearance Form which must be submitted at scrutineering. Please remember the requirements for an ASN authorization for foreign competitors, drivers and co-drivers (see Article 21.3 FIA WRC Sporting Regulations and Article 3.9.4 FIA International Sporting Code).

Rear window panel:

The rear window panel as per Article 18.3 of the 2018 FIA WRC Sporting Regulations shall be positioned at the top of the rear window, centred right (seen in driving direction).

Other Reminders:**- Preparations for sealing and marking**

All cars must have their sump guards removed for sealing of gearboxes and differentials, and be kept with the car for the purpose of weighing.

The bodyshell and engine will be marked and to facilitate this, each competitor must prepare their car so that a wire, a plate and a seal may be placed in a visible location on the engine block.

Please make sure that your car will arrive at pre-event scrutineering ready to be sealed!

- Homologation form

The homologation form of the rally car and certificates for the roll cage and fuel tank must be brought to scrutineering.

- Drivers' Equipment

The provisions of the Appendix L, Chapter III (Drivers' Equipment), to the 2018 FIA International Sporting Code should be carefully studied and must be respected, in particular in relation to the **complete clothing**. The regulations on drivers' equipment apply to Shakedown as well.

In the FIA World Rally Championship, helmets homologated to the FIA Standard 8860 – Advanced Helmet Test Specification must be worn by all P1 drivers and they are strongly recommended for all the other drivers (ISC Appendix L, Chapter III, Art. 1.1.)

FIA approved FHR systems are obligatory for ALL drivers and their co-drivers (for detailed specifications see ISC Appendix L, Chapter III, Art. 3).

At scrutineering competitors must produce all items of clothing including helmets and HANS intended to be used. Compliance with Appendix L Chapter III will be checked.

- Mud Flaps (Appendix J Article 252.7.7)

Mud flaps to prevent splashing towards the front in conformity with Article 252.7.7 of the Appendix J to the 2018 FIA International Sporting Code are authorised.

- Windows/Nets (Appendix J Article 253.11)

The use of silvered or tinted films is not authorized.

- Extinguishing systems (Appendix J Article 253.7.2.1)

All cars must be equipped with an extinguishing system in compliance with FIA Standard for plumbed-in Fire Extinguisher Systems in Competition Cars (1999) or with FIA Standard 8865-2015.

The system must be used in accordance with the manufacturer's instructions and with Technical Lists n°16 and n°52.

In rallies, the minimum quantity of extinguishant for systems of Technical List n°16 must be 3 kg.

- Noise level

In accordance with Article 252.3.6 of the Appendix J to the 2018 FIA International Sporting Code.

- On-board cameras

The competitor of any car which carries an on-board camera must have the prior agreement of the Promoter (accreditation@wrc.com). Authorised cameras will be identified by an adhesive decal and must be mounted in the car at the time of scrutineering. For details refer to Article 65.1 of the 2018 FIA WRC Sporting Regulations.

It is reminded that the mountings of cameras and recorder must be able to withstand a deceleration of 25 g.

- Various

All competitors should carefully study all the technical regulations relevant to their cars, in particular including rollcage welding, seat supports, mandatory belt cutters, the fixation of spare parts and tools inside the cockpit, etc.

13.3 COLLECTION / RETURN POINTS FOR SAFETY TRACKING SYSTEMS

Collection times for the Safety Tracking System are given in point 3 of this Rally Guide. Non-priority drivers may be required to leave a credit card deposit for the equipment in the event of loss / damage.

The systems must be fitted and connected in all competitors' cars before arrival at scrutineering where they will be checked. Installation instructions will be published in the Supplementary Regulations.

The systems must be returned within 30 minutes of the results being declared final at the same location where they were distributed. In the case of retirement, all the tracking equipment must be returned to SAS at the Service Park as soon as possible after retirement.

13.4 FINAL SCRUTINEERING

Location and time: See point 3 of this Rally Guide.

The cars selected for final scrutineering will be informed in writing. They are requested to provide proper equipment (including all sealed spare parts) and technicians at the final scrutineering venue.

14. SHAKEDOWN ST. WENDELER LAND

14.2 INSTRUCTIONS AND INFORMATION

All entered teams are eligible to participate in the shakedown, the shakedown participation fee is already included in the entry fees.

All safety requirements as in Appendix III to the 2018 FIA WRC Sporting Regulations must be respected during Shakedown and any person found on board the car who is not part of the entry for the rally must have signed a disclaimer which indemnifies the Organisers (Art. 29.3 WRC Regulations). Disclaimer forms will be available at the Rally HQ Bostalsee and some copies will also be available at the Shakedown on-site.

Control cards will be made available for use and stage times will be available at the Service Park.

15. START PROCEDURE

15.1 CEREMONIAL START PROCEDURE AND ORDER

There will be no ceremonial start. There will, however, be a presentation of the drivers and an autograph session during the regrouping on Thursday, 16 August 2018, from 16:00hrs at the Schlossplatz in St. Wendel. More details will be published at a later date.

15.2 START OF THE RALLY

The start of the competitive element of the rally will be given on Thursday, 16 August 2018, from TC0 SP Bostalsee (see Itinerary). Time cards will be issued at TC0.

16. FINISH PROCEDURE

The competitive element of the rally will conclude at TC 18A. After the Power Stage, the prizegiving ceremony on the service park podium for the top three drivers will be broadcasted live in TV. After the

finish of the Power Stage, the rally cars must directly enter the holding area in front of the podium and the marshals' instructions must be respected.

The ceremony for the top three overall will be followed by the ceremony for all other participants.

After the finish ceremony, all rally cars (except the cars selected for final scrutineering) must be driven to the parc fermé at St. Wendel.

Each competitor may nominate a person to drive the rally car under the organiser's control to the final parc fermé (St. Wendel) and/or to final scrutineering.

If a car is not driveable for any of the above procedures, the Clerk of the Course shall be informed accordingly and he will arrange transport by a recovery vehicle, if possible. In any case, the crew members concerned must still attend the podium finish procedure.

Car Pick Up from Final Parc Fermé:

Only upon presentation of the parc fermé pass issued with the rally materials may a car be removed from the parc fermé by the drivers or their representatives, once the stewards have authorised to open the final parc fermé. There will be **no more security** from 1 hour after the opening of the final parc fermé.

17. PR ACTIVITIES

Will be published at a later date.

20.4 CLIMATE

Temperatures throughout the country with warm summers and cold winters, rain falls throughout the year. The annual average temperature in August in Germany is approximately between 12 degrees Celsius (night) and 22 degrees Celsius (day).

Weather forecasts can be found on the Internet at: www.wetter.de, www.wetter.com, and through the German Weather Service ("Deutscher Wetterdienst") on www.dwd.de (then go to "Wetter + Warnungen" and "Regionenwetter" – only German version available). The German Weather Service also offers weather forecasts directly from the meteorologist (upon payment). Three different variants are available (verbal information at a fixed rate, verbal information charged per minute or individual written weather forecast). Information and booking through phone number +49 69 8062-0 (24 hours service).

20.5 TIME ZONE

GMT + 2 (summer time from last Sunday in March to Saturday before last Sunday in October).

20.6 CURRENCY

EURO (€). Other currencies and traveller cheques can be exchanged at banks, most post offices, airports, major railway stations, ports and major hotels at the official exchange rates. Restrictions on the import or export of either local or foreign currency apply from an amount of 10.000€ upward and are published on the Internet at www.zoll.de.

20.7 POWER SUPPLY

230 volts AC, 50 Hz. European style round two-pin plugs are in use.

20.8 DRIVING IN GERMANY

German Toll Collect: Since the 1st of January 2005 a motorway toll for goods vehicles over 12 metric tons is applicable. Detailed information in various languages can be found in the internet under www.toll-collect.de.

Sunday traffic ban on lorries: Vehicles with a gross permitted weight of 7.5 tons or more as well as trailers to lorries are prohibited from all public roads on Sundays and public holidays from 00:00 to 22:00.

Note: It is reminded that Wednesday, 15 August 2018 (during the rally week), is a public holiday in the German Federal Land "Saarland" and in "Bavaria", as well as in various adjacent countries (amongst others in Luxembourg, Austria, parts of Switzerland, France and Belgium).

Waivers: In co-operation with the local authorities, the organisers will arrange for waivers for trucks to be permitted to leave Bostalsee on the rally Sunday (19 August 2018), if required. Any party requiring a waiver should report at HQ Bostalsee Rally Office during the opening times and complete the application forms available there (required information: name and address of the applicant, truck and trailer registration plates, itinerary inside Germany and/or till the border) and will receive the permit upon payment of a fee of €50 (in cash) for each permit.

You should notify your requirements to the permanent ADAC Rallye Deutschland Rally Office in advance as soon as this information is available so that the necessary number of forms can be ordered and will be available on-site.

Saturday traffic ban on lorries: In addition to the traffic ban on Sundays which is valid all the year round, there are restrictions for lorries with a maximum permissible weight of 7,5 metric tons as well as trailers to lorries on all Saturdays from 1 July to 31 August, between 07:00 and 20:00. The routes affected by the ban are listed in the Internet under http://bundesrecht.juris.de/ferreisev_1985/_1.html.

Speed limits:
 Built-up areas 50 km/h
 Main roads 100 km/h
 Motorways 130 km/h (recommended speed)
 or as otherwise as signposted.

Safety belts: Seat belts must be worn in the front and back.

Mobile Telephones: It is illegal to use hand-held mobile telephone while driving. It is legal to use a hands free unit.

Right has right-of-way: When two public roads cross at an uncontrolled intersection, then the right-of-way is always given to traffic approaching from the right.

First aid box: All vehicles must carry a first aid box (in accordance with Standard DIN 13164) on board.

Reflective triangle: All vehicles must carry a reflective triangle on board. See also Article 40.2.3 of the 2018 FIA WRC Sporting Regulations.

SOS: Throughout the rally, all the rally cars must carry a red "SOS" sign and on the reverse a green "OK" sign measuring at least 42 cm x 29.7 cm (A3) on board. See also Article 40.2.2 of the 2018 FIA WRC Sporting Regulations

Safety vests: From 01.07.2014 on, at least one safety vest (red, yellow or orange, standard EN471 or EN ISO 20471:2013) must be carried on board of each vehicle. This applies to all passenger cars, trucks and busses with a German registration.

Alcohol limit: 50mg of alcohol in the bloodstream.
