Dear Colleagues,

the ADAC GT Masters enters its tenth year in 2016. Meanwhile, ADAC Formula 4 will build on the success of its first season last year, and the much anticipated ADAC TCR Germany series is about to make its debut. In the course of the official pre-season tests between 4th and 6th April at Motorsport Arena Oschersleben, teams and drivers from all three series will be making their final preparations ahead of the opening fixture which takes place at the same venue on the weekend of 15th - 17th April.

You are cordially invited to our Media day on Monday 4th April when you will have an opportunity to inform yourself at first hand in the pits and in the paddock. We are organising a press conference at 12:15 in the Press Centre (inside the pit building) during which drivers and team managers from the ADAC GT Masters, ADAC Formula 4 and ADAC TCR Germany as well as representatives of the ADAC will be previewing the 2016 season. Motorsport Arena Oschersleben, Germany's northernmost racetrack, will also be outlining its events calendar for the year.
