### Pirelli will remain tyre partner of the ADAC GT Masters until 2020

- Premium tyre manufacturer Pirelli and ADAC extend partnership by another three years
- Pirelli won through in an open and non-discriminatory tendering procedure

Hockenheim: Premium tyre manufacturer Pirelli will remain the exclusive tyre partner of the ADAC GT Masters. Pirelli won through in an open and non-discriminatory tendering procedure and will equip the Super Sports Car League with tyres until 2020. The Italian tyre manufacturer also exclusively equips Formula 1 with tyres and has been the exclusive tyre partner of the ADAC GT Masters since 2015.

ADAC Sport President Hermann Tomczyk: “Pirelli are a reliable, competent and highly respected partner throughout the world in GT motor racing, which is why we are delighted that Pirelli have won through in what was a very close tendering procedure and that we will be going racing again with them in the ADAC GT Masters over the next three years. Pirelli’s reliable and high-quality premium tyres contribute a great deal to exciting racing in the Super Sports Car League.”

Pirelli P Zero DHD racing tyres are used in the ADAC GT Masters. Pirelli bring more than 600 race tyres to the racetrack every weekend to equip the series exclusively with tyres.
