Munich: There is a super Christmas gift in store for all ADAC GT Masters fans – the 2019 ADAC GT Masters Yearbook has been published just in time for Advent. Consisting of 224 large-format pages and richly illustrated with around 500 photos, the book takes a detailed look at the seven race weekends of the most recent ADAC GT Masters season.

The annual tells the story of how Audi drivers Patric Niederhauser (28, CH) and Kelvin van der Linde (23, ZA, both HCB-Rutronik Racing) eventually won the title against tough competition from 30 supercars representing no fewer than eight different manufacturers. From the preseason test at Oschersleben to the trophy presentations at the Sachsenring, the Yearbook is full of individual stories, big and small, from the 2020 campaign.

The Yearbook also features profiles of all the teams and drivers who contested the championship. Background texts give insight into the engineering of the various GT3 sports cars – Aston Martin, Audi, BMW, Corvette, Ferrari, Lamborghini, Mercedes-AMG and Porsche – and explain the regulations that apply to this particular racing series. It ends with an extensive statistics section that includes the results from all 14 races.

The 2019 ADAC GT Masters Yearbook is available now for €40.00 from bookshops or online at www.GruppeC-Verlag.de.
