HRT reveals first details for 2027 ADAC GT Masters

- **Haupt Racing Team confirms first driver for the upcoming season**
- **Three-time team champions HRT to race with the Ford Mustang GT3 again in 2027**

Munich. The Haupt Racing Team will remain an integral part of the ADAC GT Masters in 2027. As before, the team from Drees plans to compete with two Ford Mustang GT3s. The team confirmed Fabian Dybionka (17/POL) as the first driver for the upcoming season. Further drivers will be announced at a later time.

Dybionka had already appeared for HRT in 2026, delivering thoroughly convincing performances over two race weekends. In his first ADAC GT Masters race at the Salzburgring, the Polish driver reached the podium with team-mate Emil Gjerdrum (19/NOR), missing out on a debut victory by the thinnest of margins. “I am delighted to be driving for HRT in 2027 and to be returning to the ADAC GT Masters, this time for an entire season. We know what our objective is. We want to win the title,” said the feisty 17-year-old.

2027 will be the fifth season in the ADAC’s competition for young drivers for the Haupt Racing Team. Nine wins, one drivers’ championship and three team titles make HRT one of the most successful teams in the ADAC GT Masters. Having concentrated consistently on developing young motor racing talent for some years, the team is an official partner of Motorsport Team Germany. Last season, the “Road to DTM” programme enabled ADAC GT Masters champion Finn Wiebelhaus and the team to progress to the DTM.

“We are delighted to have secured the services of Fabian, a talented young driver,” explains HRT Managing Director Ulrich Fritz. “We have already demonstrated that we can move up from the ADAC GT Masters to the DTM within our team. Now we are looking forward to taking the next step as we battle to secure some good results.”

Youth development is set to enjoy even higher priority in the ADAC GT Masters in 2027. A prize purse of roughly 775,000 Euro in cash and non-cash prizes will be up for grabs, 620,000 Euro of which will go to the winner of the “Road to DTM”. Five of the six race weekends will be part of the DTM supporting programme. Tickets are available to purchase from 49 Euro at dtm.com. Entry is free of charge for children and young adults under the age of 16, when accompanied by an adult.
