19.08.2025

Accreditation portal for the Central European Rally now open until 16th September

Dear colleagues,

Accreditation for the Central European Rally (16th – 19th October 2025) is now open. We would be delighted to welcome you to this event.

The Central European Rally is the only round of the FIA World Rally Championship (WRC) that takes place in three countries: After the opening day around Bad Griesbach in Lower Bavaria, the rally route repeatedly crosses the borders between Germany, Austria and the Czech Republic on the remaining days of the event.

Please note the following deadlines for national (AUT/DEU/CZE) and international media:

Start of the accreditation period (national and international media):	19/08/2025
End of the accreditation period (national media):	16/09/2025
End of the accreditation period (international media):	02/10/2025

All information on the accreditation procedure can be found in the media section of the event's official website at eventhos.com/en/event/central-european-rally-2025/form/registration.

Accreditation is only possible via the online system. If you have any further questions about accreditation, please contact our accreditation office:
