Abt lines up with Lamborghini again in the 2027 DTM

- **Abt and Lamborghini ramp up their partnership**
- **Red Bull Team Abt to field two Lamborghini Temerario in the DTM again in 2027**

Munich. Abt and Lamborghini are extending their partnership and will line up together again in the DTM in 2027. Both companies have agreed a multi-year extension of the partnership and are expanding their joint motorsport programme. In the DTM, Red Bull Team Abt will run two Lamborghini Temerario next year.

Abt has appeared in the DTM non-stop since 2000, meaning the team has been an integral part of the history of the series for more than a quarter of a century. With a total of ten titles in the Driver and Team competitions, Abt is one of the most successful teams in the history of the DTM. In its first year with the Temerario GT3, which was new for the 2026 season, Red Bull Team Abt has so far claimed two podium finishes. The goal for 2027 is clear: Red Bull Team Abt is hungry to challenge for the championship, and to take the next DTM title back to Kempten.

Thomas Biermaier, CEO of Abt Sportsline: "The long-term continuation of our partnership with Lamborghini is a very significant step for Abt. Lamborghini is an extraordinary brand with a huge profile, and we are proud to not only be able to continue this cooperation in the coming years, but to expand it. Our partnership with Lamborghini has developed continuously in recent years. The first DTM season together with the Temerario GT3 has been a year of intense learning for us in many areas. Lining up with a completely new car in such a fiercely-contested series is a big challenge. At the same time, we have made great progress over the course of the season, have finished on the podium, and have learned an awful lot about the car. We will now draw on those experiences and continue to work hard over the winter. The objective for 2027 is clear. Together with Red Bull and Lamborghini, we want to challenge for the championship again, and to bring another title back to Kempten."

Andrea Reggiani, Head of Motorsport Lamborghini Squadra Corse: "The long-term extension of the cooperation with Abt is an important step for Lamborghini Squadra Corse. Abt has decades of experience of motorsport at the highest level, and brings with it the desire to consistently develop this kind of programme. The first season together with the Temerario GT3 produced many valuable findings for both sides. In 2027, we will significantly expand this cooperation. The DTM remains a central component. At the same time, Abt will run the Temerario GT3 at the Nürburgring 24 Hours for the first time, and line up with two cars in the Lamborghini Super Trofeo."

The drivers for the DTM will be announced at a later date.
