22.3.2021 – ADAC Formula 4

Start of accreditation for 2021 ADAC Formula 4

- **Media Day on 20th April at Motorsport Arena Oschersleben**

Media representatives can now apply for permanent and individual accreditations for this season's ADAC Formula 4, which begins in April. This is only possible online at akkreditierung.adac-motorsport.de. Detailed accreditation guidelines can be found on the ADAC Motorsport Accreditation Portal. The forms required for accreditation for this season must be submitted by no later than 20th April 2021.

The ADAC Formula 4 field will meet up for the first time at the start of the week of the season-opener, which takes place from 23rd to 25th April at Motorsport Arena Oschersleben. The talented youngsters will spend a two-day test, on 19th and 20th April, preparing for the season. A Media Day with a press conference will also take place during the pre-season test on 20th April. A separate accreditation is required for the Media Day ahead of the start of the seasons in the ADAC GT Masters, ADAC GT4 Germany, ADAC TCR Germany, and ADAC Formula 4. More information on the Media Day will follow shortly.

Please note that the opening round of the season in Oschersleben and the September race weekend in Hockenheim will both take place as part of an ADAC Racing Weekend. Permanent accreditations for the ADAC GT Masters are not valid at the ADAC Racing Weekend. Should you be planning to report from these events, please apply to the organiser of the ADAC Racing Weekend for accreditation. You can find more information at www.adac-motorsport.de/adac-racing-weekend.

Depending on official regulations, local circumstances and our hygiene and infection control measures, it may be that the number of media representatives and the work carried out on site in the ADAC GT Masters and at the ADAC Racing Weekend are subject to restrictions. We will provide information on any regulations and circumstances regarding individual events in good time.

Media accreditations for ADAC TCR Germany do not authorise the bearer to film moving images. To do so, TV and film teams need a TV filming permit. If you have any queries regarding national and international TV filming permits, and planned transmissions on online portals, please contact:
